To
GOVERNMENT OF MYSORE

President, K. G. F. Sanitary Board,

The Additional Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

SIR,

Adverting to correspondence ending with your letter No. L.I.1088 of the 17th instant enquiring whether the site lying vacant to the South of the Civil Hospital at Robertsonpet proposed to be given for the construction of the Mahila Samaj building is not too large, in view of the size of the donation and whether a smaller site or portion would not do, I have the honour to state that the entire area is very necessary in view of the purpose for which it is intended and has therefore no reference to the size of the donation which of course has to be got supplemented by various other means. Besides, the building has to be put up just a little away from the main road that passes in front of the site; and it has also to be in a line with the other Government buildings on either side. Further, adequate provision has to be made for its future extension; formation of play-grounds; and for rearing of a garden etc., It has to be enclosed by a compound wall for the sake of privacy which is also essentially necessary for an Institution of this kind. On a further verification, the actual re-measurement of the site are found to be 427'x300' feet. The entire area in the circumstances mentioned above,

may kindly be allowed to be utilised for the purpose. I request the favour of early orders of Government in this behalf.

I have the honour to be,
Sir,
Your most obedient servant,

Syed Abdullah

FOR.PRESIDENT.
